S. S. S. IS a Great Diessing to Age does not necessarily mean feebleness and ill health, and nearly all of the sickness among older people can be avoided. Most elderly people are very susceptible to illness, but it is wholly unnecessary. By keep line the seen years I suffered tortures from which they suffer so generally. S. S. S. is the remedy which will keep their systems young, by purifying the blood, thoroughly removing all waste accumulations, and imparting new strength and life to the whole body. It increases the appetite, builds up the energies, and sends new lifegiving blood throughout the entire system. Mrs. Sarah Pike, 477 Broadway, South Boston, writes: "I am seventy years old, and had not enjoyed good health for twenty years. I was sick in different ways, and in addition, had Eczema terribly on one of my legs. The doctor said that on account of my age, I would never be well again. I took a dozen bottles of S. S. S. and it cured me completely, and I am happy to say that I feel as well as I ever did in my life.

Mr. J. W. Loving, of Colquitt, Ga., says: "For eighteen years I suffered tortures from a flery eruption on my skin. I tried almost every known remedy, but they failed one by one, and I was told that my age, which is sixty six, was against me, and that I could never hope to be well again. I finally took S. S. S., and it cleansed my blood thoroughly, and now I am in perfect health."
